## News From Your TOWN HALL

City Manager? Yes or No?

Most of the candidates for City Commissioner have, or do now, run a business.

None of these businesses would continue successfully with a once-a-week meeting of five of its employees, if it has that many, to consider it's CER-  
TAIN PARTY WAS IN CHARGE and directed the business according to the general principles outlined by the five?

You said it - not one, unless the impetus of wartime business carried it along in spite of its lack of management.

Now our City begins with owes a quarter of a million dollars; it has close to 4,000 customers (1,000 in the tax-free department); it has an income of about \$20,000 per year; it is highly departmentalized and has a more varied business than all other individual business in the City.

Do you think this business of the City can rock along with weekly meetings of a five-man Board of Commissioners and regulations of procedure? No, you don't think it can.

You do, however, think some miracle can be performed and you need not form some sort of a manager. Why don't you put a panel of workers on your farm, or in your business, and casually, over a week, call a meeting of friends to discuss the business?

Could the Florida National Bank operate without Miami Campbell? Could he, like him, could. All operate, without Gaitor Tillier, or his like; could the Canning Plant operate with a manager; could the Fiori, id. Pow, and others, without Paul DeMayo, or his like; could the Fiori, id. Pow, and others, without Paul DeMayo, or his like; could the A & P open a store here without a manager; could the Bell's have a Collins; well, would any hard headed business firm attempt to run a business with a manager?

You answer these questions, and then settle in your own mind, if you want a 7 million dollar business with a quarter million dollars to operate on the free advice of a busy man meeting once a week, to defined authority!

## Colee Cities The Financial Status Of Our State

Harold Colee, of Jacksonville, who heads the State Chamber of Commerce, in a special article appearing in many Florida publications, makes a revealing statement of the resources and production of the state, with figures that are staggering and almost unbelievable in many instances. These figures tend to show that Florida is well up in the ranks of states, and that our possibilities are just a thousand beginning, and the potentialities are inconceivable for the future.

Here are a few financial figures estimates that were released as to the state's revenue powers during the past year:

Vegetables, \$363,329,700; citrus, \$236,240,700; cattle, \$91,760,000; income from tourist business, \$700,000,000; deposit in bank institutions, \$1,797,026,459; manufacturing income, \$646,687,000.

Colee also pointed to the phenomenal increase in the population of Florida, which is now approaching the 3,000,000 mark, and predicts that it will soon go to the 7,000,000 figure as a result of all kinds of combined attractions and possibilities.

### Assumes New Duties

Shelby M. Lanier, well known meat man of the city, has taken over the management and operation of the meat department of the C and B cash store. He has established new relations at the store, in the establishment of a cake and pie bakery project, on a sixteen acre scale, and with a large better grade of the bakery food line. He still retains his active interest in the C and B store. Lanier is the son of Mr. Lanier, who is employed in the grocery department of the store.

### Pahokee To Raise Funds For Its Memorial Hospital

City Manager? Yes or No?

Most of the candidates for City Commissioner have, or do now, run a business.

None of these businesses would continue successfully with a once-a-week meeting of five of its employees, if it has that many, to consider it's CERTAIN PARTY WAS IN CHARGE and directed the business according to the general principles outlined by the five?

You said it - not one, unless the impetus of wartime business carried it along in spite of its lack of management.

Now our City begins with owes a quarter of a million dollars; it has close to 4,000 customers (1,000 in the tax-free department); it has an income of about \$20,000 per year; it is highly departmentalized and has a more varied business than all other individual business in the City.

### New Type Sugar Plant Being Grown On Serralles Farm

Continued on page 8

William Bischoff, a sugar cane grower in the Miami area, recently came up with an interesting story which had its lead in the Glades down on the Serralles farm on Route 25, where Jack Edwards, of the Glades, related.

The story related to the growing of an experimental crop of "Jerusalem Artichokes" which are the source of levulose sugar, used in syrups, jams, and marmalades, and fruits, and mainly used by Iowa firms, who are responsible for the experiment here.

This type of artichoke grows eight feet tall, six to seven feet, and produces a tuber, which is dehydrated and later used for the production of sugar, and is of the sun flower family and bears yellow flowers similar to our cane break sunflowers in the wind bracts.

It is harvested between the months of July and October. The value of the tubers are \$15.00 a ton. It is a perennial and demands high rich soil and a great deal of water.

The plant is not known to attack or tend to destroy the plant, as it seems to have a natural resistance to these enemies.

The result of this test crop, being watched with much interest, is being watched with much interest.

### East Coast Plans Gala County Wide Labor Day Outing

### To Be Held At Pahokee State Market Expects Thousands

East Coast interests have awakened, and of their own accord, have suggested and are arranging for a big Labor day celebration to be held at the Farmer's Mart, in Pahokee, on Monday, Sept. 7, when is Labor Day will see an all day program of varied attractions.

The Glades have had more usual activities, on the newspaper, the press, for market, and it has created an interest of many to want to visit the region with all its interest and there is no better place to see big Oleander blossoms than at the Pahokee dike.

The farm lands can be seen in transit from east coast to Pahokee and from Pahokee to the Glades and gain a picture of the growth which we have been experiencing this season. They will also travel along the Canal Point, where the land is broken to have a cleaning out of retarding soals, so as to permit a better outflow of water from the lake bed.

Ralph Blank, of the RDB, is father of the movement in the Glades and his idea caught on.

Continued on page 8

### Methodist Speaks Presbyterians

Rushing short of Presbyterian leaders to speak before the Bell Glade Presbyterian church group, the Memorial Presbyterian church at West Palm Beach brought along Right Reverend Bishop Harry Spangler, First Methodist church of West Palm Beach, Sunday night to address the local congregation.

He was very interested in addressing the people of the Glades.

The Post, while it was a most pleasant event.

### Will Be With New Cooperative

William Colee, of the Bell Glade Farmers Co-operative Association gets into operation, among its office personnel will be Frank Doherty, formerly with the C and B, and Frank W. Tamm, Wood Burr, formerly with Harold Rabin and the Sam Flaming organizations.

Continued on page 4

### A Dam In The Lauderdale Canal

Siamese and the Twenty-Mile-Bend which retarded, by TWO THIRDS, the flood of water from farm lands in the South Bay-Okeechobee area.

The bump of rock in which the piling shown here rests is at least 5 feet above the bed of the canal. The abutment on each side is built out into the streambed, so as to approximately two-thirds of the capacity of the canal, according to estimates, and if removed would increase the ability to move water by 200 per cent.

Several thousand acres of farm lands contiguous or tributary to the N.W. New River Canal, kept out of production by the accumulation of water to be lost by the removal of the earthworks.

There were two dams in the same canal, which retard the flow of water, but not to the extent of this one, because the piling were driven after the rock had been removed from the canal.

The correction of this condition is in the hands of the Everglades Drainage District.

### Activity Noted In Glades Road Building Projects

The County Highway road department has completed the rebuilding of Ocoella road west from the Pahokee road to the Chosen road, and the north Chosen road to the bridge much one half mile.

These roads are again open to public traffic, and an excellent job has been done in their construction. They are going to be a big accommodation during the coming crop season.

The Manley Construction company, working on Route 29, has the heavy grading done from Six Mile bend westward near the former war prison camp site. This preparatory work has been started at the South Bay terminal.

The State Highway Department is to receive bids for the rebuilding of Road 15, from Moore's Bend to Canal Point, on August 23rd, over 12 miles.

The farm lands can be seen in transit from east coast to Pahokee and from Pahokee to the Glades and gain a picture of the growth which we have been experiencing this season. They will also travel along the Canal Point, where the land is broken to have a cleaning out of retarding soals, so as to permit a better outflow of water from the lake bed.

Ralph Blank, of the RDB, is father of the movement in the Glades and his idea caught on.

Continued on page 8

### Glades Packing Plants Being Prepared For Active Season's Work

A United States Grand jury has been convened at Philadelphia, to make a thorough investigation as to labor union operations on the docks there, which will be held for a week.

Ralph Blank, of the RDB, is father of the movement in the Glades and his idea caught on.

Continued on page 8

### Flood Waters From Hendry County

Continued from Page 2

his father on the old Okeechobee townsite on State Road no. 25 just north of the Bales Canal, suffered a mortal blow when flood waters from the higher ground as far west as Hendry county crossed the Miami Canal and burst dikes. Several thousand acres of land in the area affected by the flood are now appears what the lands may be available for farming.

Engineers and drainage technicians point out that the water which falls on our farm lands are not responsible for the unusually high water in the Glades farms at present.

Mr. Wedgworth's "home place" just east of the City had houses burst by flood waters from Martin County. There is a hole in the two feet and better for miles stretching to inundate the Glades.

Mr. Wedgworth's "home place" just east of the City had houses burst by flood waters from Martin County. There is a hole in the two feet and better for miles stretching to inundate the Glades.

DO WE NEED AN OVERALL WATER CONTROL PROJECT, similar to that proposed by the U.S. Engineers?

### Fishermen Get New Home Backers

Chief Gets Word Of Son In Germany Strange Manner

The latest backers of the Commercial Fishery of the Everglades, the veterans of the Glades, have come to the rescue, giving all the assistance it can to get the re-opening of fishing.

Chief Gets Word Of Son In Germany Strange Manner

Chief of Police W. H. Cochran, has a son in Germany, who has come to his office and asked him if he was the father of Cleida Cochran? Getting a affirmative answer, the son said he had brought him a message from his son now stationed at Nuremberg, Germany, who was one of his buddies.

The Post, which has been doing fine in the fishing business, but take this interest as a welfare matter for the Glades dry county area.

### Night Frog Hunting Popular Past Time

Night frog hunting has become quite popular in recent weeks in this section, some hunting them for private table use and others from a commercial point of view, which as one driving along the highway groups of flash light frog hunters are to be seen plying their search for the "hoppers." Catchers are reported good, and the catches are dried out weighty.

### Butler Resigns And Jefferies Named For South Bay Mayor

Owing to poor health and having sold his business interests at South Bay, Ed Butler, mayor of that village, has resigned both the mayorship and a seat on the town council.

He has been filled these positions by the appointment of William Jeffries, former mayor, to these positions, and he has assumed the duties until the next regular election.

The Commission has been making a studious consideration of the bond issue for the proposed new water works system, and has decided to issue bonds for validation, for the project, in the sum of \$225,000 estimated, and the \$250,000 which was approved at the recent referendum election.

Adoption of a new method of pressure, which will not require a stand pipe, is considerable savings in money.

The Commission is calling a public mass meeting on August 29th, at which time Wiley Gipstein, engineer of Jacksonville, H. L. Bois, contractor of Clearwater, and Robert Cook, bond men, will be present to give explanation of the revised plans and specification of the water works system.

At the meeting of the top producers at Murray Bay, Canada,

### B. Tilly Walker Again Honored

R. B. "Tilly" Walker, New York Life Insurance Company representative of Hollywood, recently was named a member of the Company's top producers club.

Each year the association underwriters from the United States and Canada, who have produced the greatest volume of business in their field, are invited to attend a dinner at some famous resort with all expenses paid by the Company.

This year the group will meet at the Banff Springs Hotel, Banff, Alberta, in the Canadian Rockies during the first week in September.

Mr. Walker, left on September 15th by automobile to Chicago.

The deputy also announced

that he will be a district

representative for the

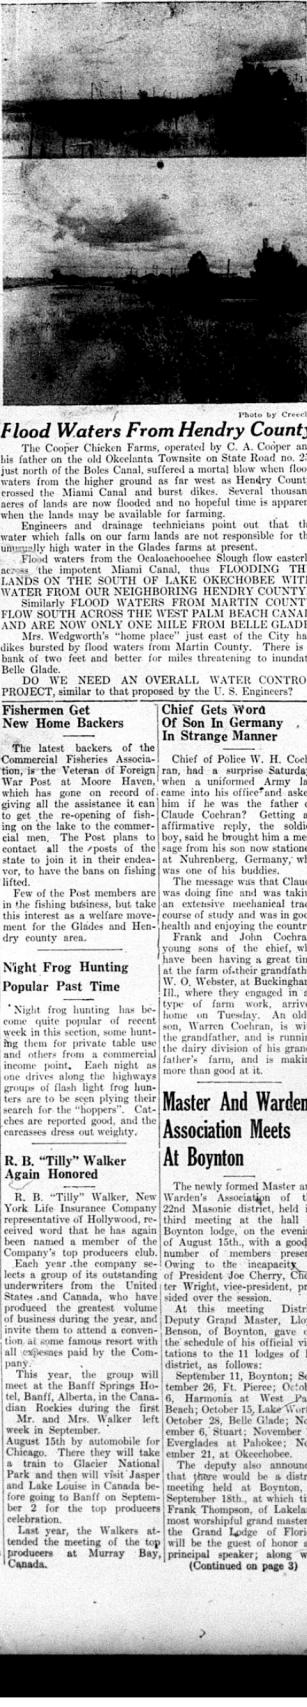

Commission.

At the meeting of the top

producers at Murray Bay,

Canada,

### Civic Club Has Fine Fish Fry

L. C. Nipper and A. B. Mathis, last week, and came back several days later with plenty of snappers. According to Mathis, Nipper caught the small ones while Nipper saw Mathis catch all the small ones and he got the big ones.

They dried, cooked, and served the fish at fish fry for the members of the Lake Harbor Civic Club and their families.

The affair took place Monday evening on the Ted Daniel's boat, a part of the Lake Supply Ltd., building.

### School Opens On Thursday Sept. 4

The first of the school teacher conferences for Palm Beach county will close on next Tuesday, and Principal John O. Hobson announced that local teachers will carry on work at the school house, on Wednesday.

The principal, for the year, will come to the school on Thursday, September 4, when children will assemble for registration and on Friday, for class assignments and preparing of text books and supplies.

The school buildings have been placed in excellent condition.

The weather conditions have been vastly improved, and the lawns, while a bit straggly at present, will later be in excellent condition.

The faculty as provided by the County Board of Instruction included many new teachers, and their assignments have been made as follows:

High School, Principal, Frank O. Hobson; Assistant Principal, Mrs. Eva Bryant; Physical Education, Miss Eva Bryant; Science, Miss Sara Dige and Mr. Litchfield; Spanish, Mrs. Ruth Lanthorn; Latin, Mrs. Ruth Lanthorn; Commercial, Miss Leadbeater; Physical Education and Assistance, Mrs. Elizabeth Elmer; Social Studies, Mr. George Davidson; Band Director, J. F. Morrison; secretary, Mrs. Frank Morris. The positions of engineers and other positions which have been held by the school since its inception have been filled by the new staff.

Junior High-History, Mr. Dixon; English, Kathleen Doyle; Junior Science and Social Studies, Mr. Edward Crowley; Junior and Hi-school science, Mr. C. D. McClure.

Elementary schools: First Grade, Mrs. Ruth Irvin; Second Grade, Miss Dixie Bleivins, Miss Susie Murphy; Third grade, Mrs. L. Murray; Mrs. W. B. Grant; Fourth grade, Mrs. C. D. McClure; Fifth grade, Mrs. Margaret Mosely; Mrs. Gobe; Sixth grade, Mrs. Ida Burry; Public school music, Miss Alma Murphy.

WSWN Station Nearing Completion

Tom Watson, Jr., Manager of Radio Station WSN, traveled to Fort Pierce, N.Y., with three members of the radio station staff, where they studied radio station operation at WIRL.

Accompanying Watson were Miss Julia Chappell, who will be WSN's Traffic Manager; Mrs. Nellie Horn, Bookkeeper; and Mrs. Eggleston, Apprentice Accountant.

Watson has announced that he expects the new 1000-watt Everglades station to be in operation by September 15th.

At this meeting District Deputy Grand Master, Lloyd Benner, of Bonita Springs, gave out the schedule for the installation of the new stations to his various lodges, as follows:

September 11, Boynton; September 12, Ft. Pierce; October 1, Homestead; October 2, West Palm Beach; October 15, Lake Worth; October 28, Belle Glade; November 6, Stuart; November 18, Everglades; Palmetto; November 21, at Okahumpka.

The deputy also announced that those who will be a district representative will be appointed on September 15th, with Frank Thompson, of Lakeland, most worshipful grand master of the Grand Lodge of Florida, will be the guest of honor and preside at the opening ceremony.

Last year, the Walkers attended the meeting of the top producers at Murray Bay, Canada,

### OBSERVATION and Comment By John M. Gieddall

I am under deep obligation to Miller Berry for a most delightful weekend end trip, which took place on Saturday, Aug. 23, in the Florida keys. We fished, swam, and enjoyed the beauty of the islands.

As we drove down the 95 miles from Miami along the overseas route one could see the great developments in the new fishing camps and real estate offerings, and the highway scenery was superb, with water stretching out on both sides of the road.

### New Teachers On Local School Faculty This Term

### Teachers Engaged In School Clinic Work At West Palm Beach

Final appointments and resignations of teachers were made for the Glades public schools the past week, and when the Belle Glade group assembles on Monday morning many new faces were to be noted on the faculty staff.

Resignations were received and accepted from Jerome Seiden, Fred Vann and Mrs. Rena Hobson. Vann was coach of the Junior school athletics last year, and also taught classes. Miss Katherine Laverty who was in charge of swimming last year, was replaced by Jerome Seiden, Palmer, and Frances Ledbetter, S. F. Worman and Genevieve Gove.

Cafeteria managers for the school year were Roy L. Lillard, Frances Ledbetter, S. F. Worman and Genevieve Gove.

The Board of Public Instruction also placed an order for new athletic field bleachers with a seating capacity of 1155 persons.

Under the new school calendar and operating system which will be employed ten of the twelve months of the year will receive 12 months pay checks.

Pre-school work of the school year will be conducted by the new teachers so reported for duty on August 18th. A portion of the first month will be devoted to the preparation of school grounds and the regular school period work will start in the following Monday, September 5th, at the usual hours.

The new school year will be operated on the former schedules to the various schools.

School children of the county will assemble in their schools on September 5th and 6th, and the regular school period work will start in the following Monday, September 5th, at the usual hours.

The new school year will be operated on the former schedules to the various schools.

During the summer months the school children will be entertained by the various school activities.

School children of the county will assemble in their schools on September 5th and 6th, and the regular school period work will start in the following Monday, September 5th, at the usual hours.

The new school year will be operated on the former schedules to the various schools.

District Deputy Grand Master, Lloyd Benner, of Bonita Springs, announced that the new 1000-watt Everglades station will be formally instituted by him on August 20th, with a dinner at the 30th Street Inn followed by late ceremonies and degree work at the Hollywood Beach hotel.

Dignitaries of the state organization and members of lodges from near cities will be in attendance and the Ft. Lauderdale lodge degree team, which is the speed limit for the ocean liner, will confer the degrees.

### THEY COULD DO IT, TOO

It has been popular of late to compare the well-being and contentment of the people of the world with that of other lands, as if there is something reprehensible about our situation. No one can deny that it is a great tragedy that the peoples of other lands must undergo inhuman suffering. But that is no reason for criticism of this country. What we have produced ourselves. Nothing has been given to us on a silver platter. Countries that are starving at this moment were highly civilized nations when we were nothing but a wilderness. We starved and froze to make a nation while they lived in comfort. They could not make it easy for us, then; any more than we can make it easy for them now.

### South Bay Is Improving Streets

Chief of Police C. G. Payne has been working hard the past week overseeing the repairs to the various streets of South Bay which had been badly cut up by heavy traffic and long continued heavy rains.

County Department trucks were made available to haul in rock which was spread and graded until the streets were once again passable. All the main residential streets received attention and when the work was completed they were in the best shape they have ever been according to local residents.

### Cut Cable Suspends Service

Telephone service was interrupted in South Bay for approximately 30 hours last week when the South Bay cable was cut near Chosen by the South Florida Conservancy Club as it was being spliced and cleaned ditches in that area. The cable was cut just before noon one day and full service was not restored to all parts of town until late the next afternoon.

### South Bay Looking After Past Due Taxes

The South Bay Commission passed an ordinance to put teeth in the town tax collection which has been very slow. A large percentage of the taxes for the past year have not been paid, according to Town Clerk Jewell Lovell. A Tax sale of delinquent tax property was set for August 1st. Property owners of real estate on which there are delinquent taxes should immediately pay their taxes if they do not wish to lose their property at this sale.

The Town also approved a new system of remanning the offices of South Bay which has been suggested by Engineer Pickett. It is believed the new system will allow for the expansion of the town and include the new sub-division without any conflict in street names.

### Pastorium House Warming Party

The Rev. and Mrs. B. A. Oswald were host and hostess at a house warming at the new South Bay Baptist Pastorium on Friday evening. The evening was spent in social discourse and games.

Light refreshments were served to Mrs. Alvin Howell of Beaufay, Mr. and Mrs. J. H. Haynes, Mr. and Mrs. M. E. Martin, Mr. and Mrs. Edwin Best, Mr. L. Hardy, Mr. and Mrs. J. T. Hightower, Mrs. M. Hester, Mr. and Mrs. E. Criswell, Mr. C. A. Armstrong, Mrs. J. Frank Prevatt, Miss Norma Jean Armstrong, Mrs. Maude Hardline, Mr. and Mrs. Wayne Ellidge, Mrs. F. W. Mutchler and daughter, Jackie.

### Child Christened

Sept. 5th, 1942.

### Counties Adopt Closed Season On Quail Hunting

Owing to the poor propagation season for quail, a number of central Florida counties have established a closed season for hunting this edible game bird this year. Glades county is the first to come into the bunch. Belle Glade nimrods who have been scouting around over favorite hunting grounds realize that the birds are hard to locate, and that many young birds were killed and nests drowned out by the recent high flood waters.

### County Gets Big Check From The Bradley Estate

Colonel Edward Bradley, of Kentucky, may have made millions in his Palm Beach and West Palm Beach properties but when came to settle up with the state of Florida and Palm Beach came in for a large slice under the inheritance tax. A check has been received from the estate in the amount of \$837,500 in the settlement of the estate. That's good money in any cash account.

### Heavy Head Waters At River and Lake

South Bay growers made a trip down the North New River Canal, the past week, to measure the head of water held up in the canal drainage caused by two dams which have been installed by the Soil Conservation Service and the Everglades Fire Control in dry season.

J. C. Summerlin measured and found a head of water of 1 foot 10 inches. One level control is at 36 miles bend, the other at 20 miles bend.

It is reported that the level of the Kissimmee River, chief inlet into Lake Okeechobee is 56 inches above normal at Camp Mack, which means an enormous discharge into the lake.

### LEGAL NOTICES

**NOTICE:** Notice is hereby given that the undersigned person, pursuant to the provisions of Article 1, Section 825.05, Florida Statutes of 1941, intends to register with the Clerk of the Circuit Court of Okeechobee County, Florida, the fictitious name of "J. C. SUMMERLIN & CO.", to be used by the undersigned person intends to do business under such name.

## LOOK AT THIS REPORT CARD...

It holds a lot of promise for YOU!

Read the report of telephone accomplishments so far this year. It's one for the record! You will see telephone folks are really going places—putting in new telephones throughout the South at the rate of four every working minute—adding long distance circuits equaling 14 times the distance across the U.S.A.—installing local service wire, measuring 29 times around the world. This report shows that progress is being made—speeding up and improving telephone service, spite of shortages and other handicaps. It holds a lot of promise for more and better telephone service for you and your community.

### Candidate Announcement

I Wish To Announce My Candidacy For  
CITY COMMISSIONER

in group two, in the election to be held September 9, 1947. If elected I will stand for a cleaner and more sanitary city having devoted the past twenty-seven years to this kind of work. This makes me well qualified for the job that I am seeking. I am in favor of a Youth Center, for the youth of today makes the city of tomorrow.

I will strive to get a swimming pool as it is urgently needed for the city's recreational facilities.

Your vote and influence are earnestly appreciated.

**A. J. Richmond**

Member of Everglades American Legion  
Post No. 20

Paid Political Ad.

**FOR SALE**—Cheap, V-4-1, Johnson Outboard Motor Boat, A-1 model, Chas. Tryon, Box 656, City. 8-22-1t.

**MRS. LEON MILLER

**OBSERVATIONS**

(Continued From Page 1)  
the waters dotted and decorated profusely with beautiful green islands. The way this overseas territory is building up its present and future is remarkable. We travel the beach road out of Panama City to Pensacola, and promises to a sports and play ground tent in south Florida, equals by none.

Early on Saturday morning our party of six, in two motor boats, put-purts out the placid waters of the Florida bay. We fished with Captain Harriet Love, known around the camp as "Sonny" as one guide, and he was a good one, too. Luke had a good time. Mr. Burdette, the first big grouper and how she did work to boat it. Then the "Judge" got tied up with a whopping big "Gag" and I was sure that I was destined in my next life to be a fisherman in the bay, but thrilled as I had not been for many moons. Suffice it to say that the party's catch for the day was the largest and best ever taken in the camp that day.

Now as to "Sonny" Love, our 16 year old guide. Here was a boy, bright as a new sun, full of life, who was the book learning of the public school, but did yearn to do things with his hands. Now after two years training in Tech school, he is an expert marine engineer. He has also learned all about the commercial and sport fishing business and is a most popular lad about the camp. He is a bright future for this fine land.

Key West has an appeal to most people who get down on the pike, and with a view of the town, a desire to see what the late war had done for the city, in the vast investment made by the Navy for its operation, representing millions of dollars. The city was no longer the drab old town of former years, but an attractive and busy place of various activities. The new bridge, the new highway, and Navy activities, certainly placed that former down at the heel town on the map as a prosperous city.

It was a great delight for the writer and his wife to have had the opportunity of meeting and conversing with Miss Maule, as we found that we had a number of mutual friends in the north. Before the adoption of the amendment, she gave women their electoral suffrage rights, the National Headquarters of the Suffrage group was located in the court house at Warren, and one of the first places on my list was Harriet Taylor Upton, who was in charge of the headquarters, a jovine and as fine a woman as anyone I have ever met. The leaders of the Suffrage movement were frequent visitors at headquarters and there I met most of the women who were workers in that campaign, she knew most of the outstanding women of that group, and it

Packing house boys busy cleaning up their places of the summer refuse and accumulations, getting the houses ready for fall operations. Quite a number of changes and improvements have been made at the house during the summer activity.

Fifth street over in negro town is taking on a more sanitary and certificated aspect, places are being cleaned up, and the signs show brightly at night time. The air is good, stores over there operated by white men, and the volume of business in season is a heavy one.

Local vacationists who have been wheeling over the west and north are returning to their homes, ready for closing the season of the crop season. Already the scarcity of apartments and homes is becoming apparent, and there will get a lively scramble for housing facilities a bit later.

With the installation of the additional lights over the city the Florida Power and Light company, Belle Glade is going to be a fairly well illuminated city. Forty-two go in without additional installation cost to the city.

Vacation time for school age children is soon approaching and the order of the day will be to earn and sell their dimes. An increased enrollment is expected by Prof. Hobson.

Critical situations which have developed in the Belle Glade area the past few weeks seem to be clearing up in a most satisfactory manner, and goes to show what can be accomplished when we put on the power. It looks most favorable that the Migratory house would continue under direct ownership and control, and that at least Ossocola camp would be retained for the benefit of the region. Both of these important areas are of greatest import to the civic and business life of our city.

Congress has appropriated the sum of \$100,000 to be handled by the Department of the Interior, for the administration of the Everglades National Park, in Florida. It has been announced that Dan Beard, Jr., is to be the new park administrator.

was about them that brought out our interesting visit. Small towns like Belle Glade seldom get visitations from such prominent women, as Miss Maule, and it was a pleasure to let her know of people who were not present to hear her fine address.

Now that you know who the candidates for City Commission are to be on September 9th, electors can take time to look over the field and make their choice. The election in Belle Glade is just entering an important period in its expansion program, and it is imperative that the best and most competent be selected to fill the important offices, and transact the city business. Before you can have a part in the selection of such officers, you must be registered. Have you had your name on the city roll, with City Clerk A. L. Wallis?

Farm activity is now on the roll, and those who have high and dry land are turning the rich mud banks ready for the planting of crops. Farmers are looking forward to the second harvest. The prediction that there may be no hurricanes this fall, may come true with a good crop harvested farm finances will take an upward trend.

The Herald office force are again glad to have "Judge" Comeback from New York to tickle the typewriters keys for another son's work. The Judge did not find his summer's vacation any too hot in any way, and was glad to get back into the salubrious sun climate of Belle Glade.

Gene Borchardt says that Canada is the real place for vacationing. The tourists are flocking there again this season and all the resorts are doing a big business, collecting high priced dollars for their Canadian cousins.

Am now living out in the country, where the song birds walk up and down the fence posts, getting nests and the female will sit beside them to sleep with their chorus. The air is good out in Chosen and that big screened porch is a fine place for evening relaxation. The lake is far too far away for a bit of "nigger" fishing, at the even tide. A few too many barking dogs at night time.

Packing house boys busy cleaning up their places of the summer refuse and accumulations, getting the houses ready for fall operations. Quite a number of changes and improvements have been made at the house during the summer activity.

She was accompanied by her daughter, who will also go to Bonita and Chipley for a visit. The Rev. B. A. Oswald plans to motor to north Florida Saturday at the conclusion of his visit.

Mrs. H. L. Marlowe visited her daughter, Mrs. Paul Touchstone and family at Fort Myers Glade. \* \* \*

Mrs. W. C. Crozier of Rayville, La., has been visiting her daughter and sister-in-law, Mr. and Mrs. James Oliver and family. Oliver had not seen his sister in 18 years. She was very interested and expressed hope that she might make a second visit during the winter months to see the growing and packing of vegetables.

The Lake Harbor Methodist Church Parsonage is going up. The crew of helpers from South Bay and from Bonita Beach have been assisting local builders this week on it.

A. L. Hampton, Mr. Hardy and Nada Hampton, returned Monday from a quick business trip to Chicago. \* \* \*

Calvin Walker has returned from Coral Gables. Veterans Hospital convalescent from a recent attack of pneumonia. \* \* \*

Mr. and Mrs. R. S. Donaldson, Mr. and Mrs. Lee Eckerman, Mr. and Mrs. Jack Mathewson and children, Dorine, Margie and Mary Viola spent Sunday at Lake Worth beach. \* \* \*

Mr. and Mrs. T. E. Weathers and children, Judy and Tommy have recently returned from a two weeks vacation which relatives and friends at various points in Florida and Georgia.

Mrs. Vida Duncan and children, Max and Nancy of Greenacres visited her brother-in-law, sister and mother, Mr. and Mrs. R. L. Lovell, Lemar and Norma Jean Lovell and Mrs. Q. A. Keen. \* \* \*

Harold Danks, youngest son of H. B. Danks, formerly of South Bay, now living at Cynthiana, Ky., and a student at the University of Kentucky visited old friends here last week. He served with the U.S. Navy in the Pacific during the war. Both of his brothers, Dale and Dee, also served in the Pacific. \* \* \*

Mrs. R. L. Barrett is acting as substitute at the Bean City postoffice in the absence of Mrs. D. R. Roberts who is on her annual vacation and visiting at Elizabeth, W. Va.

Mr. and Mrs. W. P. Walker of Fort Meade are visiting P. P. Pease and wife, Mrs. E. E. Dasher, Mr. and Mrs. J. H. Harrell and other relatives at Bean City.

Mr. and Mrs. Bob Chough and family are visiting in Moultrie, Ga. \* \* \*

Mrs. Ted Daniels has returned from a week visit with friends in Miami. \* \* \*

Mrs. Sara Horton, county home demonstrator, agent of West Palm Beach, and Mrs. B. S. Donaldson took dinner, Tuesday, with Mrs. E. W. McLeod at South Shore Sugar Plantation and then spent a number of hours with Hartman and family. Twenty-five women signified their desire to form a Home Demonstration Club at Lake Harbor and the first organizational meeting was set for Friday, Oct. 12.

Instructor At Episcopalian Camp

The Rev. Father A. S. Livsey of St. Martin's Episcopal Church in Clewiston and his wife have returned from a two weeks leave of absence during which he served as one of the counselors at The Camp for Underprivileged Children of Florida which was conducted at the Episcopal Church Camp Wingmann near Avon Park.

On the second Saturday children attended this, the St. Francis Session at Camp Wingmann. Father Gladstone Rogers of the Church of the Holy Cross in Miami and Father Charles L. Beaubien of Riviera, were also in attendance. Children were grouped 24 in each hut with two counselors assigned to each hut. A program of religious instruction, recreation and handcrafts was on the daily schedule.

**Family Reunion**

Mr. and Mrs. J. K. Davis Sr., celebrated at a family reunion dinner Sunday at South Bay. All of their eight children were present and five grandchildren. In all 18 members of the family attended the reunion. Guests included Mrs. Mary Williams and children, Bonnie, Peggy and Mishell of Douglas, Ga.; Miss Jeannette Davis of Lakeland; Calista and Ruth Davis of Tallahassee, Mrs. and Mrs. I. M. Davis, Marvin Jr., and Berthura, Virginia, Bertha, D. A. and J. K. Davis, Jr., of

**Hayslip Comes Back To Special Station Duties**

George W. Fletcher, Jr., of Indianstown will be in charge as administrative manager of the on-the-grounds project of tomato trials conducted this year by the Bureau of Experiment Station and the Agricultural Extension Service.

These tests were formerly conducted in the Fort Pierce area, but have been moved being set up with the cooperation of the Indianstown Development Company and H. M. Saunders, State Soil Conservation Engineer, for an indefinite period of time to conduct fertilizer tests, variety tests and disease resistance tests for tomato and other vegetable crops being grown in this area. Plans have been made to continue his experiment through 1950.

Norman C. Hayslip, entomologist who was formerly in charge of the tomato field trials at Fort Pierce, has been transferred to the Everglades Experiment Station. He will conduct these field trials from that station in cooperation with Dr. W. T. Forsee, Jr., soil chemist, and others.

**Upshergrove Resigns Game Club Position**

Dwight Upshergrove, a native-trained Glades boy, who was elevated to quite a prominent public office in the county, that of Registrar, has resigned his duties with the Board of Health and bounds, with new duties under the law, that had him to choose between making bread and butter, or giving up his sports, namely the fishing interests. He decided wisely to look after that bread and butter and resign from the dutiful it involves to secure it.

Accordingly, he presented his resignation as president of the Palm Beach County Wildlife League, which he had held for several terms past, and same was accepted with regret and thanks for his valuable services.

Dwight has been greatly interested in the present commercial fishing battle, as he in his early days pried the big lake as such a type fisherman.

**Te-Stakes Takes Farm Management Near Mt. Dora**

Mr. Walter Te-Stake, who has been with the Borchardt and Florida Pure Food corporations, as a farm overseer and grower, on Monday, left for St. Louis with his son to become superintendent-manager of a large celery farm of that place for a Duda & Sons, finest farming layout in that district.

While in Belle Glade, Mr. Te-Stake had made legion of friends and has been active in the Knights of Columbus, the Lion's club, and the Methodist church circles, and surely will be missed in these circles. His family will soon move to the city where they will occupy a fine home. The Te-Stakes are among the Iowa families who came to Belle Glade several years ago to work in the Gene Borchardt farm and packing house promotions.

**Coast-Glades League Games**

Pahokee is having as hard time to win games in the league as did the Belle Glade Packers, in assembling a team to get to play. Some of the players traveled to Stuart, Sunday, and there they got a real whaling from the Sailfishers by a score of 12 to 4. In the evening game, St. Lucie grappled their bats and sent seven runs across the plate before the inning was completed. Homer Frazer, that electric player at Pahokee, hit his last at bat with two doubles and a single.

Pompano and Boynton played a nail and tuck game which ended 10 to 9 in favor of the Beantakers, who edged the losers out in the last inning.

**Bregger Gives Scouts Demonstration Of "Square" Dancing**

John Bregger, our Glades representative at the Scout Jamboree, in France, seems to be getting into the picture and events of the local event. As a member of an American troupe which represented an American pioneer group, in the portrayal of the history of the states, John gave an excellent "square" dancing, which he learned in the local school gymnasium. This event occurred in the "American Day" program at Moissons, and it thrilled the scouts from the other nations.

### Paul Johns Gives Pioneer Hotel A Complete Overall

Paul Johns, when he made up his mind to take over the management of the Belle Glade hotel property, decided that what he did should be done right, and workman have been busy during the past year carrying out his plans. Paul has not only completely renovated, painted and decorated the upstairs hotel floors, but he has in addition been expending money in the effort of adorning the exterior of the building and doing a lot under ground shoring, and pile strengthening of foundation walls.

The Belle Glade Department store which has long had a lease on the two south store rooms, have relinquished the north store space, and thus have created a more modern place for a business location. The Fears company, for the present, retain the south store rooms for merchandise warehouse purposes.

The Belle Glade hotel is one

At one time or another most of us become nervous. Miles Nervine relieves nervousness and permits refreshing sleep. Work well next day, if you toss and turn too much through the night, you don't get the rest you need. As such, Miles Nervine does so many thousands have done for you.

Miles NERVINE

Miles Nervine is a mild but effective sedative. It relieves nervousness, soothes nerves and permits refreshing sleep. It has been used for many years by thousands. Ask your druggist for Miles Nervine. It is safe. Have it on hand and be prepared for those moments when nerves threaten to keep you awake. Miles Nervine relieves nervousness. CAUTION: use only as directed. Other brands may have Miles Nervine.

### East Coast Promoting

Continued from page 1 like a pararie grass fire with the business men who attended Saturday afternoon, met with a bad accident. He was hit by a car and got a terrible cut on his head, when he got his feet tangled and crossed in the hose, and fell with great force onto the ground, hitting the right side of his head. As a result he received a severe mutilation of his face under the eye, needing surgical aid, from splinters of glass from his eye glasses.

PLANS FOR BIG BARBECUE

Plans call for a morning assembly, a big barbecue meal

a noon, an afternoon program,

possibly a ball game, and a

special visitation to the pack-

house, which will be at the

South Bay, winding up in the

evening with a big public dance.

The RDB is making this a

country wide event, and as there

are no other outstanding holiday

celebrations on the east coast

for the day, thousands of peo-

ple will flock to the Palmetto

grounds for this east coast pro-

mated celebration.

The promoters point out that

the South Bay area is ideal for

east-coasters, as the former want to

get better acquainted with the latter, to form a more inter-

national interest in the

people now living in West Palm

Beach, as a trading spot and

recreational center, but there

are comparatively few of the

city who know about and

appreciate the Glades peo-

ple, leaving no stone unturn-

ed to make the day a huge

success.

While declared to be no wise

an apolitical event, yet there

will be plenty of politicians

present for the event, as invita-

tions have been extended to the

Constituent Delegation from

Hillsboro, Wellington, the

members of the State Legisla-

ture, the Governor of the

state, the State Cabinet and

State commissioners, the

State Highway Department of-

ficials, and other state, county

and municipal officers.

Glades citizens are entering

fully heated into the affair,

and the affair will do their

part in welcoming the 5000 or

more people expected to be

in attendance, and to see them

carry away a better knowledge

of what was possessed here, as

well as a more fraternal feeling

for the section.

Churches of Christ, Scientist

"MIND" is the subject of

the Lesson-Sermon which will

be read in Churches of Christ,

Scientist throughout the world

on Sunday, August 24.

The Golden Text is "Righte-

ous art thou, O Lord, and up-

right thy judgments, Give

me understanding, and I shall

live" (Psalms 139:137:144).

Among the citations which

comprise the Lesson-Sermon is

the following from the Bible:

"Forasmuch as thy word is

settled in heaven. The en-

trance of they words giveth

light; it giveth understanding unto the simple" (Psalms 119: 89,130).

The Lesson-Sermon also in-

cludes the following passage

from the Christian Science text-

book, "Science and Health with

Kruse," the scripture by Mary

Baker Eddy: "MIND: The

only I, or Us; the only Spirit,

Soul, divine Principle, and

spiritual Life. That is love, the

one God; that which is in

man, but the divine Principle,

or God, of whom man is the

full and perfect expression;

Deity, which outlines but

not outlined" (591:16). 8-22-11
